**Russian Journal of General Chemistry**

## **Acknowledgment of Russian Journal of General Chemistry's reviewers for 2023**

Summing up the results of 2023, the new editorial team would like to thank the scientists and experts in various fields represented in the Russian Journal of General Chemistry (RJGC) for dedicating their time and effort to review the papers that we have sent them. Their assistance ensures that the RJGC journal maintains a high-quality peer-review process, which is of paramount importance for the published articles. The RJGC editorial office appreciates the contributions of the following reviewers and looks forward to future collaboration: thank the scientists and experts in various fields represented in Russian Journal of General Chemistry (RJGC) for dedicating their time and effort to review the papers that we have sent them. Their assistance ensures that the RJGC journal maintains a high-quality peer-review process, which is of paramount importance for the published articles.
