## **International scientific conference**

**«Priority areas for improving the efficiency, competitiveness and sustainability  
of the agricultural sector», dedicated to the 105th anniversary of Tatar Research  
Institute of Agriculture– Subdivision of the Federal Research Center «Kazan  
Scientific Center of Russian Academy of Sciences»**

**10 – 11 July 2025**

**Kazan, Republic of Tatarstan, Russian Federation**

**Dear colleagues!**

We remind you that on 10-11 July 2025, Kazan will host the International Scientific Conference, dedicated to the 105th anniversary of Tatar Research Institute of Agriculture– Subdivision of the Federal Research Center «Kazan Scientific Center of Russian Academy of Sciences».

In this letter we invite you to familiarize yourself with information about the rules for submitting materials and the deadlines for their submission.

## REGISTRATION AND ARTICLE SUBMISSION DEADLINES

The participant registration form, scientific article and expert opinion of the institution <sup>1</sup> must be sent to the conference e-mail [conference\\_tatnii@mail.ru](mailto:conference_tatnii@mail.ru) before April 1, 2025.

Electronic collection of scientific articles indexed in the Russian Science Citation Index (EDN) will also be posted on the website of the Scientific Electronic Library database [www.elibrary.ru](http://www.elibrary.ru) and published in electronic form on the website of the Tatar Research Institute of Agriculture of the Kazan Scientific Center of the Russian Academy of Sciences. Each publication will be assigned an individual electronic archive number (**DOI index**).

#### Bibliography:

1. Noskov A.A., Petrov V.V. Title of the scientific article // Agrarian scientific journal. 2025. T.80. pp. 25-32

Volume of scientific article - to 4 pages A4 format (210 × 297 mm), including a list of references. The file must be created in doc or docx format. The file name must consist of the author's last name and initials in Latin (Ivanov AA.docx).

Requirements for the formatting of the article text: margins: 2 cm on each side, orientation – portrait, font – Times New Roman, font size – 12, paragraph indent – 1.25, line spacing – single, justified alignment, hyphenation – none.

Structure of scientific articles: title of the scientific article (in capital letters, bold, aligned with the center of the page); after one line – the authors last names and initials (aligned with the center of the page), the speaker's last name is underlined; after one line – the name of the organization, its postal address and e-mail address (in italics, aligned with the center of the page); after one line, the text of the article with diagrams, tables, graphic objects and formulas is given (aligned with the width of the page).

Design of tables, diagrams, drawings, formulas, graphic and other objects: objects are located in the center of the page; table captions are located above the tables, for other objects – below them. Drawings should be presented in \*.jpg or \*.bmp

format. Graphs, diagrams, etc. are recommended to be created in MS Excel or MS Word programs.

References to literature in the text of scientific articles are given in Arabic numerals in square brackets [1] in the order they are mentioned in the text. The list of references is given at the end of the main text of the scientific article as a numbered list and separated from it by one line. Please include no more than 5 sources. The list of sources must be prepared in accordance with GOST R 7.0.100-2018.

After the list of references, the title of the article (in capital letters, bold, centered), the full names of the authors (next line, separated by a comma, in lowercase letters), the author's e-mail (next line, in lowercase letters, italics), abstract and keywords in English are given, separated by a space.

Below, if necessary, you can indicate information about grants, funding for the preparation and publication of the article, projects, research projects, the results of which the article was published. If the authors wish, words of gratitude to organizations (institutions), scientific supervisors and other persons who provided assistance in preparing the article. For example, The work was carried out with the financial support of the Russian Science Foundation No. 24-73-20183.

Articles sent by fax, letter or received after April 1, 2025 will not be considered. All articles will be reviewed by the editorial board, checked for plagiarism (originality of at least 75%).

The number of authors of a scientific article is no more than 5 people. No more than 2 articles, including co-authorship, are accepted from one author. The conference organizing committee reserves the right, without explanation, not to publish materials that do not correspond to the topic or are not designed according to the conference requirements, as well as those prohibited for open publication and in the absence of registration of the author in the conference program. Priority will be given to participants who have confirmed their in-person participation. We remind you that the content of these submitted articles is the sole responsibility of their authors. Authors are responsible for sending previously published articles or articles accepted for publication by other publications. By submitting an article, the author confirms that the editorial board is granted an indefinite right to design, publish, and transfer a collection of the author's published material for the purpose of abstracting articles from it in any databases. Submitting the participant's registration form (questionnaire) is considered consent to the processing of personal data and publication (electronic publication) with subsequent posting in the electronic database of the Russian Science Citation Index of RF.

## **SCHOOL OF YOUNG SCIENTISTS**

Within the framework of the International Scientific Conference «*Priority Directions for Improving the Efficiency, Competitiveness and Sustainability of the Agricultural Sector*», it is planned to hold a separate section with the participation of young scientists with elements of a scientific school. Well-known scientists in the field of selection, genetics, plant growing, biotechnology, animal husbandry and veterinary science will present scientific reports for them. We ask that in the text of the letter of the conference participant, indicate the intention to participate in the school of young scientists under 39 years of age.

Information on the placement of the excursion program organized by the Conference Organizing Committee will be offered in the next information letter.

### **PACKAGE OF DOCUMENTS FOR IN-PERSON, CORRESPONDENCE PARTICIPATION AND PARTICIPATION WITH A POSTER PRESENTATION**

1. Scientific article
2. Expert opinion on a scientific article
3. Participant registration card

Requirements *for poster presentations* will be presented on the website <https://knc.ru/tatniva/105year/> in the section «PARTICIPANTS»

### **PACKAGE OF DOCUMENTS FOR ONLINE PARTICIPATION.**

1. Participant registration card

**SEE YOU AT THE CONFERENCE!**
