International Scientific Conference

«Priority directions of improving the efficiency, competitiveness and sustainability of the agricultural industry», dedicated to the 105th anniversary of Tatar Research Institute of Agriculture– Subdivision of the Federal Research Center «Kazan Scientific Center of Russian Academy of Sciences»

10 - 11 July 2025

Kazan, Republic of Tatarstan, Russian Federation

Dear Colleagues!

We invite you to take part in the International Scientific Conference *«Priority directions of improving the efficiency, competitiveness and sustainability of the agricultural industry»*, which will be held in Kazan on the basis of the Federal Research Centre «Kazan Scientific Centre of the Russian Academy of Sciences».

The conference will be held on 10-11 July 2025 in the modern International Exhibition Centre (IEC) ‘Kazan Expo’ at the address: Laishevsky district, village Bolshiye Kabany, Vystavochnaya Street, 1 (in close proximity to the international airport “Kazan”).

Kazan Expo IEC is a unique high-tech complex, one of the largest exhibition spaces in Russia. The International Agro-Industrial Exhibition AGROVOLGA will be held at the same time as the conference. It has established itself as a platform with extensive exposition in the pavilion, on the open ground and in the field <http://https://agrovolga.org/>. Conference participants will also be able to learn about new developments in various sectors of the agro-industrial complex: agricultural machinery, crop production, animal husbandry, digitalisation, storage, processing of agricultural products and others. The exhibition will be held from 9 July to 11 July 2025.

The work of the conference is planned in the following areas with the publication of the conference proceedings:

1. Breeding and seed production.
2. Plant growing, farming, plant protection.
3. Biotechnology and plant physiology.
4. Livestock breeding, fodder production.

The scientific programme of the conference will include plenary and sectional presentations, as well as a poster session. According to the results of preliminary competitive selection, the participants of the poster session will have an opportunity to announce their research with a short 2-minute presentation at the general sessions (flash presentation). This will allow young authors to draw attention to their data to a wider audience, and questions to the presenters can be asked during the discussion at the booth. The status of this presentation will be equal to an oral report.

Within the framework of the conference it is planned to organize a separate section with participation of young scientists with elements of a scientific school. Famous scientists in the field of breeding, genetics, plant breeding, biotechnology, animal breeding and veterinary medicine will make scientific reports for them.

The official languages of the conference are Russian and English. You'll have three options for participation: full-time in-person, remote online, and correspondence.

To participate in the conference it is necessary to send to the Organizing Committee of the conference:

- Electronic registration form in Word/PDF format (e-mail: conference_tatnii@mail.ru) by **01.03.2025** (Appendix 1). The application form should be filled in for all personal/online/poster participants of the conference, and in case of absent participation - for the first author of the publication.

- Materials for publication (e-mail: conference_tatnii@mail.ru by **1.04.2025**).

- Expert opinion of the institution on the publication materials (e-mail: conference_tatnii@mail.ru by **1.04.2025**).

According to the results of the conference, an electronic collection of scientific articles will be published, indexed in RSCI (EDN) and placed on the website of the database of the Scientific Electronic Library www.elibrary.ru. Each publication will have an individual electronic archive number (**DOI index**). Publication of the proceedings is included in the conference fee (1000 rubles).

Information on the requirements for articles, cultural and excursion programme, accommodation will be provided in the following letters from the Organizing Committee.
